Some activities bring people together.
This one lets you create something together.

One of the most rewarding parts of Family Drum Circle is that children and adults participate side by side. Parents, grandparents, and caregivers don't just watch... They drum. They laugh. They learn. They create memories alongside the children in their lives.

Step into a circle where every beat tells a story, every rhythm builds a connection, and every participant—regardless of age or experience—has a place. Unity Drum Circle is a hands-on, family-friendly percussion experience that combines music, movement, culture, and community into one uplifting evening you'll look forward to every month.
