Where little feet stay busy... and big memories begin.

Some mornings, your toddler has enough energy to power the entire neighborhood. Good news—we've got a time and a place for that. The toddler years don't last forever. These are the days filled with belly laughs, tiny high-fives, messy hair, and endless curiosity. Tot Spot gives families a chance to slow down, spend quality time together, and watch their little ones grow one exciting adventure at a time.

Designed for children 18 months to 4 years old, Tot Spot transforms an ordinary morning into an adventure filled with movement, laughter, imagination, and new friendships. While your child climbs, crawls, balances, dances, and discovers, they'll also be developing confidence, coordination, social skills, and independence—all through the simple magic of play.
