Where little hands create BIG memories.

Art & ABC's is a hands-on parent-and-child art experience designed for children ages 2–5. Together, you'll explore colors, textures, shapes, letters, and creativity through fun projects that help build fine motor skills, early literacy, and self-confidence. Every class is filled with opportunities to create, laugh, and make memories while introducing your little artist to the joy of learning through art.

Best of all, you'll be creating right alongside them. If you've been looking for a fun, engaging activity that nurtures your child's creativity while spending meaningful time together, this is the class they'll be talking about long after the paint has dried.
